HACCP for Catering and Food Service

A Complete Food Safety Management Solution

HACCP systems and materials

HACCP and GHP manual

40 HACCP and GHP SOPs (Safe Operating Procedures) for all kitchen operations, with HACCP charts, CCPs and monitoring methods.

HACCP and GHP records

Templates for HACCP and GHP checks, validation, monitoring, self-audit and management review.

HACCP training records

HACCP training records for up to 50 members of staff, covering all food safety practices.

HACCP implementation tools

A complete range of learning and implementation books for HACCP implementation and food safety at level 1 (foundation), level 2 (basic), level 3 (intermediate) and level 4 (advanced).

Training courses, tools and awards

HACCP train-the-trainer

Trainer courses in HACCP, including specific modules designed to meet ADFCA requirements. Delivered via dedicated online learning.

Exams and certification

Certification for train-the-trainer modules including 'HACCP for Catering'. Certification also available for employees who receive HACCP training.

HACCP training materials

A USB drive with extensive training materials, including videos, activities, games and presentations designed by PhD-level experts in HACCP, food safety and education.

Price for the complete package: AED 7950
